Hole Diameter:

0.166 inches

Shoulder Diameter:

0.403 inches

Outside Diameter:

0.870 inches

Shoulder Height:

0.080 inches

Material Thickness:

0.040 inches

Product Name:

Navy special project

Material:

Aluminum alloy 2024

Material Specification:

Ams 4120 temper t4 assn standard single material response

Surface Treatment:

Anodize

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
