Overall Length:

1.500 inches

Overall Height:

1.188 inches

Overall Width:

1.313 inches

Case Material:

Plastic

Contact Material:

Bronze

End Application:

4110-01-117-3902; end item name: blood bank, refrigerator

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Intermittent

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Cubic Measure:

2.339 cubic inches

Energizing Element Power Rating:

120.0 volts-amperes

Terminal Type And Quantity:

2 tab w/screw energizing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
