Current Type:

Ac

End Application:

Strategic sealift conversion ship class

Current Rating In Amps:

1.0 and 2.0

Stroke Length:

1.375 inches

Limit Switch Control:

Included

Thermal Protector Reset Method:

Automatic

Voltage In Volts:

115.0 and 460.0

Phase:

Three

Special Features:

Actuator, electro, me

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30500
