Overall Height:

9.670 inches

Overall Width:

5.670 inches

End Application:

Used on spoilers 1&2 c-17 acft

First End Hole Diameter:

1.0000 inches

Compressed Length:

14.600 inches

Extended Length:

19.717 inches

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

Fork type (clevis)

First End Fork Span Width:

0.846 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
