Diameter:

32.000 inches

End Application:

3805-01-550-0883; multi terrain loader

Brush Part Material:

Wire, steel and plastic

Brush Material Exposed Length:

68.000 inches

Material Percentage:

50.0 and 50.0

Product Name:

Broom arrangement

Special Features:

Sweeping width straight: 84 inch; sweeping width angled: 67 inch; sweeping angle: 31 degree; rated brush speed: 190 rpm; motor size: 25 in3; hyd flow range-l/min (gpm): 42-83 l/min (11-22 gpm); hyd pressure range-bar (psi): 145-227 bar (2100-3300 psi); width straight: 91 inch; width angled: 33 inch; height: 33 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T194-g
