Current Type:

Ac

Specific Gas For Which Designed:

Natural gas

Voltage Rating:

125.0 volts

Heating Method:

Gas

Steam Supply System For Which Designed:

Self-contained steam generator

Inside Depth:

22.000 inches

Special Features:

Natural gas heated; floor mounted w/transport cart that rolls into cooking chamber; 74.250 n. H, 47.250 in. W, 40.250 in. Dp

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T281-k
