Min. Tensile Strength (psi):

1500 pounds per square inch

Diameter:

0.250 inches

Length:

60.000 inches

Environmental Protection:

Not rated

Physical Form:

Solid

Special Features:

Natural

Material:

Plastic, polytetrafluoroethylene

Material:

Plastic polytetrafluoroethylene

Specification Or Standard:

1 grade and i type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14500

Mil-std (military Standard):

Mil-p-19468 spec.
