Overall Length:

1.000 inches

End Application:

Support equipment for f/a-18f acft

Usage Design:

Install seals in valve body

Operation Method:

Impact

Criticality Code Justification:

Agav

Product Name:

Tool, seal sizing

Special Features:

Width - 1.000 inches; height - 4.000 inches; cubic feet - 0.00231481; net weight - 1 lb.

Material:

Steel

Shape:

Tapered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
