Overall Length:

0.938 inches

Overall Diameter:

0.438 inches

Mounting Method:

Bracket

End Application:

Type no. An/apr-9

Component Quantity:

2

Component Controlling Agency:

Loral electronics corp

Component Name:

Fixed mica dielectric capacitor

Component Identifying Number:

Part no. B-53-150

Component Relationship:

Unconnected matched pair

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
