Overall Length:

8.000 inches

Overall Width:

3.380 inches

Mounting Device Quantity:

13

Mounting Method:

Unthreaded hole

Light Transmission Design:

Translucent lens

Criticality Code Justification:

Feat

Special Features:

R-h mtd; w/gasket consisting of an environmental and a electromagnetic interference shield strip bonded together and to the lens

Color:

Red lens

Material:

Plastic acrylic lens

Surface Condition:

Smooth back

Style Designator:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528d0
