Usage Design:

Determinations of hemoglobin s

Test Capability Quantity:

12

Protective Storage Feature:

Expiration dated

Product Name:

Test kit hemoglobin determination hemoglobin s 12 tests

Component Breakdown Within Each Test Kit:

Saponin/sodium hydrosulphite powder and buffer phosphate solution; graduated 12 by 75mm test tubes; sample pipettes; test tube holder reader; package insert

Unit Of Issue Cube:

0.047 cubic feet

Unit Of Issue Weight:

0.80 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
