Width:

35.0 millimeters

Thickness:

0.0095 inches

Length:

1000.0 feet

Material Transparency:

Transparent

Winding Device Type:

Core

Controlling Agency:

Kodak

Identifying Number:

5982 type no.

Stock Type:

Machine

Special Features:

Wound iaw kodak winding specification lg767

Color:

Green

Reference Number Differentiating Characteristics:

As differentiated by winding device type and special features

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-a
