End Application:

MACH-IN-EGU-N,,5

Product Name:

Helical, torsion, spring

Special Features:

Inside diameter 1.281; material is steel; spring free outside diameter 1.399; hook radius 0.234; end length from second bend to third bend or end 0.293; end style straight offset first end, reduced loop end second end; coil direction rh; coilquantity type 1-5/8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
