Overall Length:

5.750 inches

Overall Height:

0.187 inches

Overall Width:

2.625 inches

End Application:

M2.5-0C-ALM-ACHI

Product Name:

Handle, manual control

Special Features:

2 holes at 0.625 inch dia; heat treatment: heat at 1540 to 1580 degrees f; oil quench; temper one hour; surface treatment: manganese phosphate, mil-p-16232, type m, class 1; 4.750 in. Between hole centers; 0.650 in. W

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
