**General Description:**

Acasting and machining, die cast alloy, spec. Astmb850 alloy sc84b spec. Qq-a-591 aly 380, optional matl investment casting alloy 356 temper t6spec. Mil-c-11866 comp 2, casting dimensions cast edge radii 0.030 max, castfillet radii 0.030 max, draft angle 3 degree max, flatness and squareness 0.002 in t.I.R. Per in, cast finish shall be 0.125 or better and free fromflash, length 9.380, width 4.408, 0.40thk, four holes 0.112 40 unc-2b, two holes 0.190 32 unf-2b

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
