End Application:

Aircraftac-13; 25mm tgms/ash

Special Features:

Rotor, transfer, intermediate

General Description:

Material 4130 alloy steel per mil-s-6758 125ksi tensile final protective finish solid film lube per mil-l-46010 type ii no solid film lube on spline, phosphate only

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
