Overall Length:

11.000 inches

Overall Width:

4.380 inches

End Application:

2320-01-123-1610

Product Name:

Housing, spring assembly

Special Features:

Part of equilibration assembly (p/n 12374302 nsn 1005-01-466-7532)

Material:

Aluminum alloy

Surface Treatment:

Primer and plastic

General Description:

Material hardened to temper t6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
