Overall Length:

5.486 inches

End Application:

Lals iii replenisher

Weapon Size Designation:

20 millimeter

Product Name:

Upper base guide

Special Features:

Used on the ammunition transfer system, nsn 4925-01-536-8673. Color: black. Nha: top guide assembly 3305as1430-1

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T102-d
