Overall Length:

29.000 inches

Product Name:

.50 cal barrel assembly

Special Features:

Barrel weight: 7.08 lbs; barrel ext, weight: 1.02 lbs; bolt weight .98 lbs; barrel assembly weight 9.08 lbs; assembly includes the barrel extension and matching bolt assembly

Material:

Steel, aisi 4140 and steel, aisi 4340

Material:

Steel comp 4140 and steel comp 4340

Material Specification:

Aisi 4140 assn standard 1st material response and aisi 4340 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T102-g
