Special Features:

Mk15 mod1 is a bolt action sniper rifle firing a 0.50 bmg round. The mk 15 mod1 feeds from a detachable 5 round magazine, incorporates an improved trigger with safety, features a fluted heavy match-grade barrel, a chassis style adjustable buttstock to eliminate the need for glass bedding, a more reliable bipod, and an enhanced muzzle brake to reduce felt recoil. Includes: hardcase to protect the weapon during storage-transportation, bipod, 4 magazines and cleaning gear. Weight: 23.77 pounds.
