Overall Height:

2.620 inches

Product Name:

Bracket stowage collimator (weldment)

Special Features:

Material: plastic plastisol type i or ii class 2 specification mil-p-20689 .063"thick

Material:

Plastic

Surface Treatment:

Cadmium

Special Test Features:

Weld per mil-std-1261, class 1

Specification Data:

96906-dod-std-100 government standard

Specification Or Standard:

Ams-qq-p-416 finish

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
