Overall Length:
Between 1.540 inches and 1.555 inches
Overall Width:
0.750 inches
Overall Diameter:
Between 0.475 inches and 0.480 inches
End Application:
Nssn virginia class submarine, torpedo tube coupling and stow fitting assembly for shell assemblies, upper, lower, right and left
Product Name:
Coupling stow fitting for torpedo tubes
Special Features:
Drawing distribution statement d; export controlled; contract number n00024-96-c-2100
Material:
Nickel alloy and copper alloy
Surface Treatment:
Hot finished
General Description:
Make from 36-01-7816-81348/qq-n-281 class a form 1 hf 1.000 round rod
Thread Size And Series/type Designator:
0.375-16 unc
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
