Overall Length:

2.500 inches

Overall Height:

0.250 inches

Overall Width:

1.162 inches

End Application:

Ship; submarine; controller guide assembly

Criticality Code Justification:

Feat

Special Features:

Weapon system essential; material is astm d 4020 polyhethylene

Material:

Plastic

Reference Number Differentiating Characteristics:

Quality contro iaw navships 0948-045-7110

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
