Overall Length:

16.380 inches

Overall Diameter:

Between 1.248 inches and 1.249 inches

End Application:

Minesweeping retrieval rig

Product Name:

Yoke, vertical truss, retrieval rig

Special Features:

Znext higher assembly 123032-1, model 751b. Yoke is heat treated to h1000, per mil-h-6875; magnetic particle inspection iaw mil-std-1907d, grade b, per astm e1444d; epoxy polyamide primer using mill-p-23377 all over except where noted

Material:

Stainless steel

Surface Treatment:

Passivate and primer

Thread Size And Series/type Designator:

0.375-24-3b unjf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
