Rotor Control Mounting Base - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1075-01-564-1916

Overall Diameter:
12.740 inches
End Application:
Control surface
Criticality Code Justification:
Feat
Product Name:
Rotor, surface control
Special Features:
Military critical, export control; stainless steel thread inserts
Material:
Aluminum alloy
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
