Overall Length:

81.000 inches

End Application:

Aircraft

Criticality Code Justification:

Feat

Product Name:

Drive assembly, flexible

Special Features:

Weapon system essential; 1.375 diameter tube with .625 diameter internal shaft; one end splined, other end flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T246-e
