Overall Length:

38.870 inches

Overall Height:

10.940 inches

Overall Width:

10.380 inches

Mounting Hole Quantity:

4

Operation Method:

Electrical

Control Type:

Electric

Load Suspension Point Quantity:

2

Distance Between Load Suspension Points:

Between 14.000 inches and 30.000 inches

Ejector Type:

Mechanical

Mounting Method:

Bolt

Maximum Load Rating:

4000.0 pounds

Mounting Hole Size:

4 holes 0.890 inch diameter, rectangular pattern 20 inch by 3 inch

Suspension Type:

Hook

Quantity Accommodated:

2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T338-a
