Overall Length:

5.075 inches

Overall Height:

2.975 inches

Overall Width:

1.000 inches

End Application:

Tow sheave assembly

Product Name:

Starboard release arm assembly

Special Features:

Arm is I shaped; material, arm 17-4 ph h1150, bearing duralon, pin 316 stainless steel

Material:

Stainless steel

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
