Attachment To Item Supported Method:

Holds item by means of a hook bent on 0.070 in. Radius

Supporting Object/surface Attachment Method:

Two 0.140 in. Diameter holes on 0.500 in. Centers

Material:

Steel, corrosion resisting

Material:

Stainless steel

Surface Treatment:

Paint

Supplementary Features:

Over all size, 0.750 in. Lg; 0.750 in. W; 0.250 in. H

Surface Treatment:

Painted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T08100
