End Application:

An/avq-26, target designator set-electro-optical, range receiver

Eccentric Construction:

Not provided

Optical Element Quantity:

1

Special Features:

Holder optical instrument 1; mirror optical instrument 1

Fsc Application Data:

Aircraft gunnery fire control component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-j
