Diameter:

Between 41.9 millimeters and 42.0 millimeters

Thickness:

Between 8.9 millimeters and 9.0 millimeters

End Application:

Fc33 electrical and electronic adapter assembly pn 5612561; periscope

Polished Periphery:

Not provided

Product Name:

Eyepiece, el-1

Special Features:

Convex radius is 55.4 mm max

Material:

Magnesium fluoride and glass, optical

Material:

Magnesium fluoride and glass optical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-f
