Overall Diameter:

Between 0.985 inches and 1.000 inches

Overall Thickness:

Between 0.060 inches and 0.070 inches

End Application:

Fc33 elec and electronic adapter pn 5612561; periscope

Density Variability:

Not variable

Surface Material:

Glass

Product Name:

Filter, sun

Special Features:

Filter has a cemented interface with vacuum deposited inconel.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T205-a
