Overall Height:

4.707 inches

Overall Diameter:

17.100 inches

Major Components:

Oil and water purge valves, packing, rings, rotational ring and stationary ring, and various hardware.

End Application:

Photonics periscope mast, sensor unit; la class submarine

Mounting Configuration:

36 x 0.570 .500-20unf-2b mtg holes; 24 x 0.415 mtg holes

Product Name:

Rotary seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
