End Application:

1240-01-525-1648, sight, bore, optical and 1240-01-534-1114, sight, bore, optical

Product Name:

E-model rifle combat optic mount

Special Features:

Hardness tool steel surface hrc 70-72; m1913 rail system optic interface device; adaptable to trijicon 3.5x, 4x, 5.5x acog and rx30 reflex optical sites; eye relief enhancement 3.0 inches adjustable in 3/8 inch increments; zero retention less than 0.25 moa; quicklock lever system; auto locking lever mechanism; non abrading; lightweight rugged design

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-n
