End Application:

F-16 aircraft

General Description:

Item consists of 6 series 1 mil-c-38999 connectors and a multi-conductor cable, shall meet continuity, dielectric withstanding voltage and insulation resistance tests of mil-c-3885, shall meet moisture resistance, temperature cycling, low temperature flex life and reversion of polyurethane and polyacrylic materials test of mil-c-3885

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
