End Application:

An/aaq-9, detecting set, infrared

General Description:

4item consist of 4ea linear bearing p/n772520-5, 2ea filter inductor p/n854134-1, gear p/n804584-2046, resistor p/n802369-1, 3ea capacitor p/nm39014/02-1407, temperature element p/n530760-2, 9ea bearing p/n414643-9, 1ea shaft p/n882423-2 and 882423-1, 1ea motor and gear assembly p/n304081-1 and 309038-1, gear crank p/n330866-1, drive shaft assembly p/n882406-1, gear assembly p/n304080-1 and 304079-1, focus chassis p/n882408-1, lens chassis p/n882421-2, traverse chassis p/n330855-2 and related mounting hardware

Fsc Application Data:

Aircraft gunnery fire control components

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
