End Application:

An/aaq-9, infrared detecting set

General Description:

Item consist of contact camera p/n2001102-1, yoke assembly p/n2000988-1, vidicon p/n755899-1, main cover p/n2000858-1, rear cover p/n2000857-2, camera deflection assembly p/n2000960-1, camera video assembly p/n2014345-1, target connect assembly p/n2000995-1, filter module assembly p/n2000860-1, camera frame assembly p/n2000860-1

Fsc Application Data:

Aircraft gunnery fire control components

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
