End Application:

An/aaq-9, detecting set, infrared

General Description:

Item consist of postamp carrier printed wiring board no.2p/n330878-1, 2ea resistor p/nrwr80s1r00fm, postamp carrier printed wiring board no.1p/n330875-1

Fsc Application Data:

Aircraft gunnery fire control components

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
