End Application:

An/aaq-9, detecting set, infrared

General Description:

Item consist of temperature switch p/n414914-27, cooler and detector p/n335668-1, adapter p/n881711-2, detector focus cam p/n330841-1, retainer p/n881645-1, cooler and detector support p/n323898-2

Fsc Application Data:

Aircraft gunnery fire control components

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
