**End Application:**

F-16c/d acft

**General Description:**

Material optical glass class 1 grade b per mil-g-174a; finish surfaces marked "p" polished, all others ground; anti-reflection coating multi-layer to mil-c-675 ppe specification cs8; paint all ground surfaces to ppe ss2; o/a dim. Inside dia. 141.0 metric , 141.5 metric , outside dia. 144.5 metric , 145.0 metric

**Fsc Application Data:**

Aircraft gunnery fire control component

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
