End Application:

1270-01-418-1626; targeting designator set, electro-optical

Component Document Origin:

Industrial

Document Source:

04939

Document Type:

Engineering drawing

Component Document Page Number:

1

End Item Source:

04939

Accessory Controlling Agency:

Martin marietta

Document Identification:

717513640-079

End Item Name:

An/aaq-14 lantirn

Product Name:

Lantirn slip ring

Special Features:

Jthis item replaces p/n 717513640-049 and 717513640-69 and has newly designed seals to prevent excessive coolant leakage and an electrical modification to move some electrical circuits away from potential leaks

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
