General Description:

Materials and finish per the boeing co source controlling dwg 10-30476, components pane, frame, pressure seal, sensor, electrical connector, pigtail, 19.100 in. Lg, 12.720 in. W, 65.0 min 75.0 maximum ohms resistance

Fsc Application Data:

Aircraft bombing fire control component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
