## NSN 1280-01-078-1718

Core Plane Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1280-01-078-1718

Storage Tempurature Range:
54.0/+95.0 degrees celsius
End Application:
F-16a/b aircraft
General Description:
tem consist of printed circuit board length 3.0in., width 2.0in., thickness 0.062in., interface connectors, core plane, diode arrays, standof
and cover plate
Shelf Life:

Unit Of Measure:

N/a

Demilitarization:

Yes - demil/mli
