General Description:

Frequency response dc to 300 khz porm 1 db, temperature operating range 0 degrees c to p50 degrees c, 4.844 in. Lg, 1.000 in. W, 14.830in. O/a h, center frequency 880 khz, deviation porm 64 khz

Fsc Application Data:

Radio frequency, radar, airborne except fire control and guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
