**General Description:**

Frequency response dc to 300 khz porm 1 db, temperature operating range 0 degrees c to p50 degrees c, 4.844 in. Lg, 1.000 in. W, 14.830 in. O/a h, center frequency 22 khz, deviation porm 7.5 khz

**Fsc Application Data:**

Radio frequency, radar, airborne except fire control and guided missile

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
