Overall Length:

4.000 inches

Overall Height:

6.630 inches

Overall Width:

4.000 inches

Operating Temperature Range:

-25.0/+85.0 degrees celsius

Voltage In Volts And Current Type:

28.0 dc

Special Features:

Material: plastic; inclosure type: encapsulated; power source: external; mtd method: plug-in; max wattage rating in watts: 50.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514a0
