## **Gross Weight:**

80.0 shipping container pounds

## **Hazardous Material Classification Code:**

1.2 department of defense hazard class division and i department of transportation class and (12) inhabited building distance and d storage compatibility group

## Package Reference Number:

Mk3 tank

## **General Description:**

F/5 inch 25 caliber, aac, mk36 all mods, w/mtf mk50, adf mk54, bdf mk28, expl d ldd

## **Reference Number Differentiating Characteristics:**

As differentiated w/mtf, w/adf, w/bdf

Shelf Life:

N/a

**Unit Of Measure:** 

--

### **Demilitarization:**

Yes - demil/mli
