**Overall Length:**

1.625 inches

**Overall Height:**

2.625 inches

**Overall Width:**

1.625 inches

**End Application:**

INSE-RT-,SC-REWT

**Product Name:**

Cover

**Special Features:**

Propelling charge has 2.468 inch diameter and is 0.130 inches in length; material is carbon steel with manganese phosphate coating

**Material:**

Steel

**Surface Treatment:**

Phosphate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
