Overall Length:

1.625 inches

Overall Height:

2.625 inches

Overall Width:

1.625 inches

End Application:

INSE-RT-,SC-REWT

Product Name:

Cover

Special Features:

Propelling charge has 2.468 inch diameter and is 0.130 inches in length; material is carbon steel with manganese phosphate coating

Material:

Steel

Surface Treatment:

Phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
