Overall Length:

17.800 inches

Head Type:

Antiaircraft

Model Number:

Wau-17/b

Filler Material:

Pbxn-3

Filler Material Weight:

36.00 pounds

Dod Ammunition Code:

1336-v548

Gross Weight:

118.1 shipping container pounds

Hazardous Material Classification Code:

00 inhabited building distance and 1.1 department of defense hazard class division and d storage compatibility group and v firefighting group and vii coast guard class

Quantity Per Shipping Container:

1

Weight:

86.10 pounds

Reference Number Differentiating Characteristics:

As differentiated by unit package quantity, unit package type, package model number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T357-c
